

## 1. JOB TITLE: **Nutrition Officer, (NO-2)**

**Job no:** 555564

**Contract type:** Fixed Term Appointment

**Duty Station:** Zanzibar

**Level:** NO-2

**Location:** United Republic of Tanzania

**Categories:** Nutrition

UNICEF works in some of the world's toughest places, to reach the world's most disadvantaged children. To save their lives. To defend their rights. To help them fulfill their potential.

Across 190 countries and territories, we work for every child, everywhere, every day, to build a better world for everyone.

And we never give up.

### **For every child, Sustenance**

The fundamental mission of UNICEF is to promote the rights of every child, everywhere, in everything the organization does – in programs, in advocacy and in operations. The equity strategy, emphasizing the most disadvantaged and excluded children and families, translates this commitment to children's rights into action. For UNICEF, equity means that all children have an opportunity to survive, develop and reach their full potential, without

discrimination, bias or favoritism. To the degree that any child has an unequal chance in life – in its social, political, economic, civic and cultural dimensions – her or his rights are violated. There is growing evidence that investing in the health, education and protection of a society's most disadvantaged citizens – addressing inequity – not only will give all children the opportunity to fulfill their potential but also will lead to sustained growth and stability of countries. This is why the focus on equity is so vital. It accelerates progress towards realizing the human rights of all children, which is the universal mandate of UNICEF, as outlined by the Convention on the Rights of the Child, while also supporting the equitable development of nations.

### **How can you make a difference?**

The Nutrition Officer provides professional technical, operational and administrative assistance throughout the programming process for the nutrition programmes/projects within the Country Programme, from development planning to delivery of results. In doing so, the incumbent implements a variety of technical and administrative programme tasks to facilitate programme development, implementation, programme progress monitoring, evaluation, and reporting of results

Within the delegated authority and the given organizational set-up, the incumbent may be responsible for all or most of the following areas of major duties and key end results.

1. **Support to programme development and planning**
2. **Programme management, monitoring and delivery of results**
3. **Technical and operational support to programme implementation**
4. **Networking and partnership building**
5. **Innovation, knowledge management and capacity building**

### **To qualify as an advocate for every child you will have...**

- A university degree in one of the following fields is required: nutrition, public health, nutritional epidemiology, global/international health and nutrition, health/nutrition research, policy and/or management, health sciences, nutritional epidemiology, or another health-related science field
- A minimum of two years of professional experience in a developing country in one or more of the following areas is required: nutrition, public health, nutrition planning and management, or maternal, infant and child health/nutrition care.
- Experience in health/nutrition programme/project development in a UN system agency or organization is an asset
- Fluency in English is required. Knowledge of another official UN language (Arabic, Chinese, French, Russian or Spanish) or a local language is an asset.
